To Whomever is Inquiring:

It is sadly true that we often do not laugh enough today and many of those who would try to help us laugh more are using material that either walks to the edge or passes over into vulgar. But good clean comedy can still be found and we found it in the ministry of “Laugh It Up Comedy” led by Mrs. Kristi Vann who portrays an elderly, grandmotherly Southern woman who has an edge.

Through “Myrtle’s” music, exercise program and high-energy observations she is able to bring real “belly-grabbing” laughter from her interactive audience. The material is so affective and effective because in a very real way each person in the audience is “Myrtle”.

While laughter for laughter’s sake is important, “Myrtle” combines all of this with a Christian message, which gives a meaning to the laughter. If you are considering a comedian for your next “event” I would strongly recommend “Laugh It Up Comedy” be high on your list.

Sincerely,

Donald G. Proctor D.Min
